

LIVE SCAN FINGERPRINT PADS

"Live Scan Fingerprint pads will greatly enhance the ridge lines of the fingerprint"

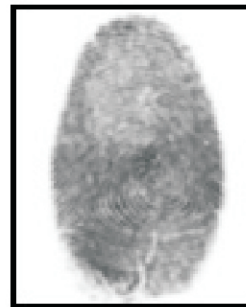

Instructions for use:

1. Touch finger onto Live Scan Fingerprinting Pad.
2. Press lightly onto pad.
3. Remove finger from pad and slowly rub fingertip and thumb together, back and forth a couple of times, so that the clear ink solution will be evenly distributed onto the fingers.
4. This process will allow for any excess enhancer solution to be removed.
5. Touch glass platen on computerized fingerprinting equipment for a much more enhanced fingerprint image.

Available in two sizes: Our number FS-LS2 1-3/4"x2" and our number FS-LS3 2-1/2"x4".

FS-LS2
size 1-3/4" x 2"

Patent Pending

FS-LS3
size 2-1/2" x 4"
